

Welcome to Harbor View Bistro & Bar, providing warm hospitality to all who seek harbor here. We invite you to delight, dine, unwind and enjoy the views, serenity, personal service, and traditions of the harbor at our beautiful and historic property.

We hope you enjoy our dining room and patio, which has been lovingly restored by owner Joseph Marino to preserve the impeccable lines of the Arts and Crafts period. We employed Mendocino's finest master crafts-people to retain the space's cozy, handwewn charm while adding a patina of luxurious touches to ensure the property will continue to provide pleasure for an additional century.

Our expert kitchen staff has brought together the finest local, organic, and supremely fresh ingredients – with seafood coming from steps away in Noyo Harbor, and herbs and edible flowers sourced from his own organic herb garden.

Our creative cocktail program shifts with the seasons, incorporating local produce alongside exceptional alcohols, while our liquor selection offers you the best choices in each category, from craft spirits to limited-runs from established distilleries.

Our constantly-expanding wine program highlights the best local offerings, as well as select wines from further afield that captures the same sense of understated luxury and pride of craft we strive for. We have included short tasting notes to guide you in your exploration, or let our educated staff help you discover a new favorite.

We hope we are able to offer a welcome respite from the day-to-day, and to transport you back to a graceful, bygone age. Please do not hesitate to let us know if we can do anything to make your meal more enjoyable.

Scott Schneider, General Manager and the Noyo Harbor Inn Crew

Our wine list features the best of Mendocino and Sonoma County wines, with a focus on small-scale, boutique producers. Reaching beyond our local region to the world at large we hand-select unique, high-value wines with exceptional food pairing qualities. We are constantly evolving and growing the list, and aim to please those who know what they love as well as those who want to try new and lesser-known varietals.
